BAYTOWNE WEST NEWSLETTER

APRIL 2013

Yeah... we have a newsletter again!

COMMUNITY UPDATE & IMPROVEMENTS NEWS

Pond Fountains: We are looking in to replacing the pond fountains with something more effective and more decorative. Final decisions have not yet been made, but look for changes in the next several months.

Sidewalk repairs: we will be grinding some high spots and replacing a few sections. If you are a homeowner with a sidewalk problem between the community sidewalk and your door and would like to have an estimate for repair or replacement, please call us at 727-799-5040.

Services: We are in the process of reviewing new bids on all the BTW Community services. Our goal is to improve the quality of our services and also to see if there are ways to save the community money.

Suggestions/Ideas: The Board would love to hear any suggestions you have for making the community a nice place to live. Please give us a call or email us at hoa@baytownnewest.com.

Sprinklers: If you have a sprinkler problem or if you see an irrigation system leak please let us know so we can correct the issue.

The 2013 BTW Board

Joel Tolle	President
Robert Bibeau	Vice President
Marge Lisowy	Secretary
Mary Prikazsky	Treasurer
George Dupont	Director

Safety Harbor Library

The Board of Director's Meeting for BayTownne West meets the **fourth Tuesday** of each month at 6:30 PM. The meeting is located at **the library** and is open to all to attend. *Hope to see you there!*

Next meeting:
April 23 @ 6:30PM

Please come to the monthly meeting. We will be glad to discuss all of the issues our community is currently dealing with and why we are taking stronger actions at this time.

Dog walkers - please pick up!

Sadly, some of our neighbors are not picking up after their dogs. This affects all of us, no one wants to step in it or see it left behind. We all need to be aware of this and help our neighbors be good neighbors and keep our community clean and enjoyable.
